We asked what you knew about the funding process for applications

Awareness of the funding criteria is around 50% in most areas

Dunvegan Community Trust

60-70% see two way communication as key benefit of being involved

Dunvegan Community Trust

“ Imagine our community in ten year’s time. ”

“The next few years will be a crucial time for Dunvegan. At the moment it still has a good mixture of people brought up in the area and others who have moved here from elsewhere.

However there seems to be a relentless increase in houses which are either empty for most of the year or holiday rentals.

A revitalised community would encourage residents to stay and prevent it becoming a dead zone of lifeless but pretty houses.”

“A vibrant village acting as the go to place for local people's needs.”

“It's welcoming, supportive, encouraging of new initiatives, full of life, clean and tidy.”

Just some of the words people used to capture the community spirit of ten year’s from now: Busy, exciting, dulcet, happy, welcoming, tidy, supportive, encouraging, thriving, kids, music, green, safe, nursery, amenities, better, vibrant, beautiful.

“I would love to see more sporting facilities, more affordable housing for young people and more employment opportunities.”

“ Imagine our community in ten year’s time. ”

“It looks the same! That makes me sad.”

“With the amazing work of the community to make Dunvegan beautiful then I think this will always be a place to be proud of.”

“Dunvegan should be ambitious to reclaim its own crown, and not be reliant on the castle being the main attraction. The village can lead the way and be a positive place to live, work and visit. That makes me feel happy.”

“Be bold, seek out the best and better them.”

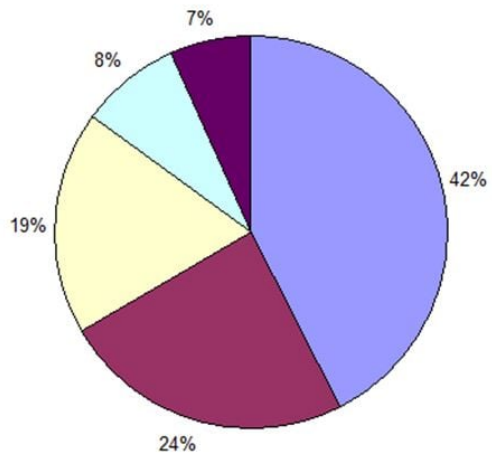

“ It makes us happy to think we will be in a community driven location, with like minded inhabitants.

It is good to know the community cares passionately about the residents and environment so much.”

Young people and families retained-mixed housing opportunities available. New school and nursery. Great cafes, shops and restaurants.
